About Me

I'm a Brooklyn native who studied healthcare informatics and recently graduated from Actualize Coding Bootcamp to be a Full-stack developer. My dream is to apply both schools of knowledge to create the best health records system in America.

EDUCATION

Stony Brook University
Bachelors of Health Science | Healthcare Informatics
Long Island, NY

Actualize Bootcamp
New York, NY

Technical Skills

- Rails
- Javascript
- Angular JS
- PostgreSQL
- HAML
- Devise

Work Experience

The Difference Engine
